Rich,

Thanks for your response.

I am glad you are willing to provide these results and I look forward to receiving them.

Have a good weekend,

Michelle

Hello Michelle - sorry for the delay in responding. This message arrived in a junk folder that I had to forward to my account.

We will certainly provide the data from the Voyles and Hainy sampling. Unfortunately, I do not control when the water data are released, but I have some reason to think that this is moving forward. Thank you for the email.

Rick

Dear Mr. Wilkin,

I have permission to review Stacey Haney and Beth Voyles water results regarding the testing you have conducted related to these cases.

As I am documenting both of their cases for research purposes on health impacts of people and animals living nearby gas drilling operations, I would very much appreciate receiving a copy of these results.

I look forward to hearing from you.

Thank you,  
Michelle Bamberger
